

Banning the use of heavy fuel oil (HFO) by ships in the Arctic

A first step to addressing the climate crisis

INVITATION

Wednesday 09 October 2019

**Veröld – The House of Vigdís
University of Iceland
Brynjolfsgata 1
107 Reykjavik**

17:00 – 18:30

Join a small panel of experts and scientists, hear from the people on the frontline of a changing Arctic and debate with us the climate crisis and the HFO risk in Arctic waters.

This event is free and all are welcome.
